SHOT IN THIGH

Thomas Scanlan Accidentally Shoots Greely Perkins.

Accident Happened About Midnight Last Night in Oyster Bay Restaurant.

About midnight last night Greely Perkins was accidentally shot in the thigh at the Oyster Bay restaurant, by a revolver in the hands of night watchman Thomas Scanlan.

Both men were somewhat intoxicated and were examining the weapon when it was accidentally discharged.

The gun was of the 32 caliber type and Scanlan was resetting the hammer after showing Perkins how it worked, when it was discharged, the bullet entering the flesh of Perkins' right thigh near the hip.

The bullet plowed its way through the flesh and struck a table leg near by. Dr. Coleman dressed the wound and found it not to be serious.

Perkins and Scanlan have always been the best of friends and the accident is to be deplored. Perkins is confined to his bed by the injury, but expects to be out in two or three days.

LANDED IN JAIL.

Suspects Comprising Camping Party Arrested at New Castle and Rushville.

The New Castle Courier, of yesterday, reports the arrest of Lee Wilkinson and Jim Humbolt, suspicious looking characters, said to be wanted by Sheriff Bright, of Winchester. It is thought the two belong to the camping party of four consisting of two girls and two men.

They are miscreants from Windsor, Randolph county, the girls come from good families, but were enticed away from home.

After the campers left New Castle they went south and it is understood they have been located southwest of Rushville for several days.

The two fellows drove from Rushville to New Castle and tried to sell their horse and buggy for \$10.

Marshal Burr, of that city, scented a mouse and arrested them on suspicion. He is almost positive they are the ones wanted at Winchester. It was thought the girls were in camp southwest of Rushville.

Sheriff Bainbridge received a telegram this morning from Sheriff Bright, at Winchester, asking him to arrest the two girls and stating that he would find them about three miles west, and half a mile south of Rushville.

The Sheriff drove in that direction and found the girls living in a tent on the farm of Daniel Brown, without any fire, with very little to eat, sleeping on a bed of straw and with no clothes but those which they wore.

They said that when they saw the carriage coming they realized that they were to be arrested, having learned that the boys had been arrested at New Castle. They were brought to this city and placed in jail, giving their names as Fossie Frame and Lora West an their residence as Windsor, Delaware county, Indiana.

Both girls are about sixteen years of age and good looking. Sheriff Bainbridge telephoned Sheriff Bright that he had the girls and the Sheriff will be here from Winchester this afternoon to take them to that place.

Republican Meeting.

The Republicans of the Third ward will meet at the assembly room in the court house, Thursday evening, April 28th, at 7:30 o'clock. Every Republican in the ward is invited to attend. Prominent speakers will be present. Come out and hear the issues discussed.

WALTER E. SMITH, Chairman.

The czar of Russia has contributed 200,000,000 roubles to the war fund, but it isn't likely that this will make it necessary for him to live on rice or oatmeal.

Carried Bullet in Thigh.

Richard Meltabarger, of Greensburg, had just removed from his body a bullet which he had been carrying for several years.

Six years ago Meltabarger accidentally shot himself in the right leg with a 38-caliber revolver he was carrying in his pocket, and several surgeons failed to locate the ball. At intervals since, he experienced burning sensations in different portions of his leg, but it never caused serious inconvenience.

Yesterday morning he was awakened by a severe pain just above the knee, and when he investigated the cause of the pain he found a lump just beneath the skin. He took a razor and made a slight cut above the lump. The bullet dropped out as bright as the day it was discharged.

AUGUST FIRST

Is the Time Fixed for Completion of Interurban.

Track, Right of Way and Cars Will Be Easily Finished by That Time.

The Traction company officials have indicated that there is a good prospect of having cars running into Rushville by August 1st, and the report is very encouraging and satisfactory to all the people of Rushville.

Mr. Henry has asked that the Warfield and Wilson lot pledged to him by a number of our citizens be transferred to him at once, so that the can proceed with the construction of other buildings.

The men who pledged this lot to Mr. Henry have never been able to trade with the owners of it, they asking a price much too high, and if the matter cannot be amicably adjusted, the citizens, by Wm. Sparks, their attorney, will proceed to obtain possession of it by condemnation proceedings.

It is understood that the owners of the lot ask \$3000 for it and as it must be paid for by the citizens, this is regarded as extremely high.

The officers of the road say that the track, wire, cars and power house can easily be finished by August 1st, and it is thought that the Westinghouse Company can get the motors completed by that time. These motors are to be of a new kind, the very latest and best motors made, and it is this part of the equipment that they were afraid they could not get by August first, but they are much encouraged by the progress made on them this far.

The cars are to be the finest ever put on an electric road. There are ten now being built. They are larger than those of the Union Traction company, seating eight more people, and have every modern convenience, are well lighted, have large windows, comfortable seats, and are finished in mahogany.

The motors for these cars will be fitted up with a multiple control equipment, so that a whole train of the cars can be operated by one motorman.

The workman and teams will begin work between this city and Connersville, on next Monday, and the work will be pushed rapidly.

Russians Growing Bolder.

Tokio, April 27.—In connection with Monday's descent of a Russian squadron from Vladivostok upon Gensan, and the sinking of the small Japanese coaster Goyo, it is reported that a Russian land force of from 3,000 to 4,000 men is moving southward from Kyong-Syong along the coast road. This force, after burning Song-Chin, is said to have arrived at Tai-Chen, about thirty-five miles farther down the coast. The Koreans south of Tai-Chen are fleeing.

Will Fight Under Water.

St. Petersburg, April 27.—The entrance into the service of four submarine boats at Port Arthur means the addition of new and formidable weapons for the defense of that stronghold. The dispatch of the boats in sections over the railroad has been shrouded in secrecy, and even today many in St. Petersburg are inclined to doubt the report by officials of their presence at Port Arthur or to accept the information as trustworthy.

HANLY FOR GOVERNOR

The Lafayette Candidate Nominated at Indianapolis, this Afternoon on the First Ballot.

HUGH TH. MILLER NOMINATED

Bartholomew County Politician Secures the Nomination of Lieutenant Governor on Third Ballot; Other Prominent Men Named.

Special to the Daily Republican:

Indianapolis, April 27th, 5 p. m.—J. Frank Hanly, of Lafayette, was nominated at the Republican State Convention this afternoon for Governor, on the first ballot. Before the ballot was taken it was seen that the vote was for Hanly by a large majority, and many counties changed their votes, making the choice almost unanimous.

Hugh Th. Miller, of Columbus, was nominated for Lieutenant Governor on the third ballot.

George W. Self was chosen on the second ballot for Reporter of the Supreme court, and Stubbs, of Marion county, was nominated for State Statistician.

The Rush county delegates voted solidly for the Sixth District candidates all the way through.

BLOOMER GIRLS

Lineup of Both Teams for Friday's Base Ball Game.

Something New Promised Rushville Fans—New Outfielder in Game with Rushville Team.

The much heard of "new woman" will be in Rushville soon in the very latest phase.

The Star Bloomer Girls Base Ball team, of Indianapolis, will cross bats with the Rushville team here Friday afternoon. The game will be called promptly at 2:30 p. m. and a good crowd will no doubt be present to witness the contest which will be quite a novelty in the base ball line. The game is guaranteed to be strictly moral in every way and ladies need not stay away on that account.

The Bloomer Girls Base Ball team is an organization which has existed for several years and which has but lately made Indianapolis its headquarters.

This is the tenth annual tour of the team and the Rushville game will be their first game this season. The team will play its way to Cincinnati going from here to Richmond the following day and returning to Indianapolis May 7th, for a game with the Indianapolis Reserves, in that city.

Maud Nelson, who is doing the slab work for the team, is the champion lady pitcher of the world, and has been in the box for ten seasons. There are eight girls on the team, the ninth player, the catcher, being a man by the name of William Gage. The team plays in bright red uniforms of the blouse and bloomer type.

Manager Geraghty, of the Rushville team, has secured the services of Charles Strong, who played with the Greenfield team last year, and who is one of the best outfielders and hard hitters in amateur base ball. Strong arrived this morning and will remain with the Rushville team for the rest of the season. He will be placed in center field for the game on Friday and the fans will have a early opportunity to observe his work.

The line up for the two teams for the game will be as follows:

Rushville—Lawrence Geraghty, p.; Morgan or Pea, c.; Waggoner, 1b.; Alexander, 2b.; Carter, ss.; Hendricks, 3b.; F. Yazel, l. f.; Strong, c. f. and Dillon, r. f.

Bloomer Girls—Maud Nelson, p.; William Gage, c.; Celia Brown, 1b.; Katie Becker, 2b.; Laura Howard, ss.; Ynela Robertson, 3b.; Maggie Burke, lf.; Julia St. Clair, cf.; and Mary O'Connor, rf.

Oscar Streit is surprising the wise ones and now looks like a sure member of the Detroit.

Roy Evans, who pitched for St. Louis and Brooklyn last year, has signed with Williamsport.

The Indianapolis Milwaukee game was called off yesterday on account of wet grounds, but a double header will probably be played today.

The Indianapolis Star contained a good picture of the Washingtons, this morning. The Washingtons will have a return engagement here in May.

Wallace won the game for St. Louis yesterday from Detroit by a lucky home run in the ninth when two men were on bases and two runs were needed to tie the score.

Brooklyn won its first game of the season yesterday, defeating New York by a score of 4 to 2. Good outfielding was the feature of the game. The Brooklyn men allowing no scoring when men were on bases.

A JAPANESE DISASTER

It is Reported that Four Japanese Transports Were Sunk.

Th Russian Vladivostok Squadron Sank Transports with 4000 Men on Board.

Paris, April 27.—The St. Petersburg correspondent of the Matin says: "I learn from a sure source that the Vladivostok squadron yesterday sank four Japanese transports which were conveying 4,000 men."

Shanghai, April 27.—A rumor is current here that Japan intends to occupy a portion of the Fukien coast opposite Formosa with the object of preventing the Russian Baltic squadron passing through the Formosa strait."

St. Petersburg, April 27.—It is reported that an attempt of the Japanese to cross the Yalu has been frustrated.

Liao Yang, April 27.—The Japanese have forced a passage of the Yalu, two companies crossing between Tchangdjiou and Siaooussikhe. Heavy firing was heard near Tatung Kau, in which it is believed the Japanese made a feat in order to distract attention from the real point of passage. So far no bridge spans the river. It is believed the Russian fire succeeded in destroying the floating parts of the Japanese bridges.

St. Petersburg, April 27.—The censor's committee did not give out today the dispatches received regarding the movements of the Japanese across the Yalu river. It was intimated that information had been received that the Japanese had crossed the river, but this was accompanied by a statement that the success of the enemy should in no sense be regarded as an important victory, the Russians having no intention of vigorously contesting the passage, their plan being to annoy the enemy as much as possible.

It is evident from the dispatches received here that in order to render a crossing feasible the Japanese made a feat on Tatung Kau while the troops actually crossed some miles up the river near Tchangdjiou. Two companies were first thrown into Manchuria and unquestionably entrenched and immediately, under the cover of their guns, reinforcements crossed.

It is regarded as probable that when these troops are in sufficient numbers they will march along the Manchurian bank of the Yalu in the direction of Antung, near which lies the road on which the advance can continue to Feng Hoang Tchang, where the first determined stand of the Russians will be made. No report has been received here, official or otherwise, showing casualties on either side.

DUE TO MISAPPREHENSION

Reported Peace Tenders Were Not Based Upon Facts.

London, April 27.—Inquiries made here reveal no trace of any effort or intention to intervene in the Russo-Japanese war. No step looking to a pacific settlement of the conflict has been taken by the foreign office, nor, so far as is known in Downing street, by King Edward himself. Those who have discussed the war with the king within the last few days say that such a step is the last thing he contemplates.

Such a step, however, informally taken, so it is held here, might seriously endanger the vital negotiations now progressing between Russia and Great Britain with a view to the settlement of outstanding differences between the two countries.

King Edward and the foreign office are fully aware that any offer or even suggestion looking to peace at the present stage would be resented both by Japan and Russia, and it is emphatically denied that the king, even in the family circle at Copenhagen, has suggested mediation, much less intervention. His majesty has expressed sympathy with his royal relative over the losses sustained by the Russian fleet, but he has been equally thoughtful toward the mikado.

It is believed here that all rumors bearing on the subject of pacific

efforts, royal or otherwise, are due to misapprehension concerning the negotiations outlined in the dispatches of April 9, which said that after King Edward had given his personal assurance to Emperor Nicholas, that the anti-Russian comment in the British press did not represent the feeling of his government, Foreign Secretary Lansdowne informed the Russian ambassador, Count Benckendorff, that he would be glad to reopen the negotiations looking to a settlement of all matters in dispute between Russia and Great Britain. Lord Lansdowne did not stipulate any basis or enter into any details. Ambassador Benckendorff, as stated at the time, expressed his pleasure at the offer and transmitted it to St. Petersburg, where Lord Lansdowne was understood to have taken them as a material expression of King Edward's personal messages, and there for the moment the matter rested. These negotiations are progressing satisfactorily, although no immediate completion of them can be expected.

UNDER FULL STEAM

A Japanese Squadron Is Seeking the Russian Fleet.

Kobe, April 27.—Under full steam a strong squadron of Japanese armored cruisers was observed yesterday making its way northward in the Japan sea. It is believed that the vessels are on their way to attempt to cut off the Russian squadron that appeared at Won San on the east coast of Korea, Monday. It is feared, however, that as the czar's cruisers are superior in speed to those of the mikado they may escape in safety to the shelter of Vladivostok.

It is also stated that the Japanese have succeeded in luring the Russians from the protection of the Vladivostok guns and that there is another Japanese squadron between them and their retreat, but these are mere rumors.

Stirring News Expected.

London, April 27.—No further news from the seat of war has reached London, and there is no confirmation of the reported Japanese reverse on the Yalu. Stirring news, however, is hourly expected, both from the regions of the Yalu and Vladivostok. The general opinion is that Vice Admiral Togo is waiting for the Vladivostok squadron is confirmed by a Tokio correspondent, who says there is no doubt that the Japanese are taking steps to cut off the retreat of the Vladivostok warships.

CHARLES PRUITT.

Reconsiders His Connersville ville Bargain and Will Pitch for Rushville.

Local fans will no doubt rejoice to learn that Charles Pruitt, our old standby, has reconsidered his plans and has decided to pitch for Rushville. It was learned yesterday that Connersville had not yet secured Pruitt's signature to their agreement whereby he was let out to the Connersville team and at the summons of Manager Geraghty, of the Rushville last night and signed an agreement to pitch the coming season for the Rushville team.

Manager Geraghty is to be congratulated on the fact that he has secured our former twirler for us at the very moment when he was about to be snatched away. Pruitt's return will strengthen the home team wonderfully and the players will have more confidence in themselves than before. Pruitt's ability as a batter is too well known, and with the addition of Strong, the new fielder, Rushville certainly has a winning team of hard hitters. Pruitt went to Connersville this morning after his trunk, and is now in town. He will play in Friday's game with the Bloomer Girls and will be with us from now on.

Pruitt had a perfect right to join what ever team he pleased as the Louisville team could not let him out to any special independent team.

ANNOUNCEMENTS.

FOR TRUSTEE OF UNION TOWNSHIP.

We are authorized to announce the name of
 John F. Mapes as a candidate for trustee of
 Union township, subject to the decision of
 the Republican township convention.

Vote for the party that STANDS
 ON ITS RECORD.

Stand by your ticket, fellow Republi-
 cans. There is nothing to gain and
 much to lose by leaving it.

Republicans will not be misled by
 ante election promises, especially
 since they come both ways.

Paste this in your hat. A vote for
 the Republican candidate is a vote
 for men who FAVOR IMPROVE-
 MENT within our means and WITH-
 OUT GRAFT.

The people of Rushville are too
 conservative to be carried away by a
 platform full of "isms" and "where-
 fore's" when they know FROM EX-
 PERIENCE that ante election prom-
 ises, by the Democratic party, are
 never kept.

Be true to your party and the candi-
 dates who represent it. If every Rep-
 ublican does his duty on May 3d, a
 glorious victory will result for the G.
 O. P. and will be followed up by
 another triumphant land slide in
 November.

The Republican ticket represents
 the best citizenship in the community
 and deserves the unanimous and loyal
 support of all Republican voters.
 There is absolutely no excuse for
 scratching when we have such excel-
 lent men.

If anyone who wishes to satisfy
 himself of the ridiculousness of Mr.
 Alger's contention in the statement
 made by him in the Jacksonian, take
 the difference in his tax and divide by
 the difference in the rate, and you
 will find him to be, by "that process,
 by far the richest man in the county.
 "Figures don't lie."

Intense consternation was created
 by the appearance of a donkey in a
 ballroom at Florence, Italy. These
 Newport styles spread slowly.

Indianapolis, April 27.—The dele-
 gates to the Indiana Republican state
 convention which met yesterday after-
 noon in Tomlinson hall found many
 points looking to their comfort and
 convenience never noted in previous
 conventions. The great hall had, dur-
 ing the past year, undergone certain
 alterations, the work of the remodeler
 having added much not only to the
 general appearance of the hall, but
 contributed greatly to the seating fa-
 cilities of the same. The balconies
 were thronged by an interested crowd.

JAMES P. GOODRICH.
 [Chairman Republican State Committee.]

The proceedings of the great con-
 vention being watched with the closest
 interest throughout, while the cheers
 of the mere spectators arose with
 those of the delegates in fervent
 strains at all proper moments, for the
 party in Indiana this year, as Chair-
 man Watson in his great speech said,
 "courageously faces the future," and
 it was this feeling that lent a sponta-
 neity and enthusiasm to the whole pro-
 ceedings which furnished inspiration
 to the representatives of the party
 gathered here this week which will be
 carried out throughout the state to be
 influential in all the campaign thus
 hopefully opened.

The new arrangement of the hall
 lent itself admirably to decoration fit-
 ting to the occasion and the decorative
 scheme was carried out to a nicety.
 Festoons of tri-color draped the bal-
 conies, while overhanging the stage
 were portraits of party leaders in the
 state. Among the first of these to en-
 party's strife in the past and those
 who are foremost in the fray at pres-
 ent.

Secretary of the State Committee
 Fred Sims and Sergeant-at-Arms Adams
 had made careful arrangements for
 the seating of the delegates and
 audience and despite the apparently
 somewhat restricted space of the hall,
 never were the seating arrangements
 in a state convention more perfect.
 The out-of-town newspaper men were
 provided with particularly favorable
 seats in the first balcony, just over-
 looking the stage, where every move
 of the convention was under their ob-
 servation.

While the convention crowd was
 gathering the delegates found pleasure
 in watching for the entrance of the

political and civic favorites of the
 state. Among the first of these to en-
 ter was Governor Durbin, who bowed
 and smiled to the delegates in re-
 sponse to the warm greeting he re-
 ceived at their hands. Presently Sen-
 ators Fairbanks and Beveridge ap-
 peared on the stage, coming in together.
 The storm of applause which greeted
 these notable leaders of the party in
 Indiana attested the close place they
 hold in the hearts of the people of
 this state and the people's hearty ap-
 preciation of the services of the sen-
 ators in this state and to the nation.

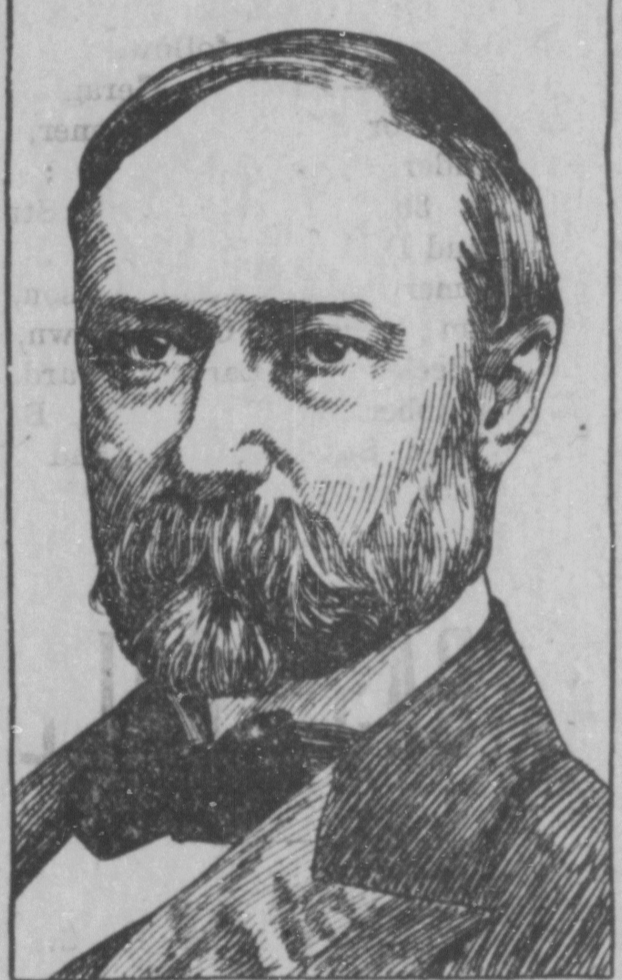

It was a few minutes after 2 o'clock
 when Hon. James P. Goodrich, chair-
 man of the Indiana State Republican
 committee, called the convention to
 order and introduced the Rev. C. I.
 Truby of the First Presbyterian church
 at Winchester, who in an eloquent
 prayer invoked the divine blessing up-
 on the convention and its proceedings.

HON. JAMES E. WATSON.

Captain William E. English, chair-
 man of the committee on rules and
 permanent organization, then read the
 committee's report. By this report the
 Hon. James E. Watson, representative
 in congress from the Sixth Indiana
 district, was named as the permanent
 chairman and Mr. Harry A. Strohm,
 a well-known newspaper man of Kent-
 land, was named as secretary.

Chairman Goodrich appointed Judge
 A. O. Marsh and Major George W.
 Steele as a committee to escort Per-
 manent Chairman Watson to the chair.
 The entrance of the chairman was the
 signal for loud, prolonged and enthu-
 siastic applause. Mr. Watson's wide
 reputation as an orator in Indiana had
 prepared his great audience for what
 was coming, and the greeting which
 he received was as warm as it could
 well be made. Mr. Watson spoke for
 two hours, and it is sure that no signs
 of weariness were apparent in the au-
 dience, which held upon his every

utterance with the very closest atten-
 tion, his frequent forceful periods
 being applauded to the echo. One phrase
 in reference to Bryan which caught
 the particular fancy of the crowd was
 the speaker's reference to "the be-
 nefic vision of the will writer of the
 Platte." When the speaker, after re-
 ferring to the Democratic confusion
 as to the coming candidate of that
 party for president, said, "We know
 whom we will nominate," the audience
 went into a perfect fervor of enthusi-
 asm, which was accentuated if possible
 when the speaker a little later uttered
 for the first time the name of Theodore
 Roosevelt. This applause was repeat-
 ed upon the speaker's reference to the
 distinguished services of Indiana's
 senators, Fairbanks and Beveridge,
 and at the close of his speech received
 a storm of applause.

Following the chairman's address
 Senator Fairbanks was called upon and
 he delivered an impressive, though
 brief, address upon the needs of the
 hour and the hopes of the future of
 the party, closing with warm words
 of praise for the coming candidate of the
 Republican party for president—Theodore
 Roosevelt. Senator Fairbanks re-
 ferred to Chairman Watson's ad-
 dress as one of the "greatest, best and
 most eloquent speeches ever made in
 this convention hall," which statement
 the audience warmly applauded. The
 senior senator paid the tribute of his
 admiration to the patriotism and en-
 thusiasm of the Republicans of Indi-
 ana, who, he declared, had thought
 rightly on the great questions affect-
 ing national honor and progress. The
 great and paramount issue of the cam-
 paign was, he said, prosperity—and it
 was to the continuance of this that the
 party was pledged, he declared,
 through and by the maintenance of

that cardinal principle of the Republi-
 can party—a protective tariff. If the
 people this fall should unfortunately
 reverse existing conditions, who can
 foretell the distress that would come
 back upon the people? he asked. We
 cannot, therefore, afford to make any
 mistake in this campaign, he con-
 cluded.

Senator Beveridge was then called
 upon. He said in part:

"The last eight years will be known
 in history as 'the beginning of the
 American area.' How shall the stand-
 ard be maintained? So far as govern-
 ment goes, our record and that of the
 opposition answers that question. The
 test of statesmanship is results. Let
 others exploit theories—We stand up-
 on the facts.

"We have upheld the historic tariff
 system which Henry Clay named 'the
 American policy.' Home markets have
 been preserved, and at the same time
 foreign markets have been captured
 for the American producer. Our do-
 mestic trade is greater than the entire
 international commerce of the world.
 "Our reciprocity with Cuba redeemed
 American honor, opened Cuban mar-
 kets to American products and will
 eventually close them to America's ri-
 vals. The opposition denounced but
 could not hold their votes against it;
 and the sheer wisdom of our policy
 made patriotism victor over partisan-

ship. Without disturbing the nation's
 ordinary business, we have applied ex-
 isting laws to organizations of indus-
 try. We have made certain the canal,
 that historic purpose of the American
 people. The opposition resisted, but
 in the end half their votes sustained
 us; and partisan hope was wrecked by
 collision with the will of the nation.
 In a period so short, history tells
 of no achievement for the betterment
 of an undeveloped people equal to our
 work in the Philippines—work to Fil-
 ipino upliftment and American advan-
 tage.

"Credit to whom credit is due, and
 no more credit than is due! We ask
 no unjust praise. Some mind planned
 what we have done—a mind greater
 than any one man's intellect, greater
 than the plans of parties. It was the
 mind of the American millions. We
 were only the executing hand. Har-
 mony has ruled our councils. Behind
 each act our votes massed solidly;
 and under the leadership of our fellow-
 worker, Theodore Roosevelt, strong
 and honest, we have sought to accom-
 plish the people's settled purposes.
 And to the people we will continue
 faithful."

Governor Durbin then addressed the
 audience briefly, provoking further ap-
 plause. Congressman Frederick Landis
 of the Eleventh district was then
 called upon, and in his characteristic
 vein entertained the convention with
 one of his breezy speeches.

Congressman Holliday of the Fifth
 district responded briefly to a call up-
 on him for a speech and added further
 to the enthusiasm of the occasion.

John C. Cheney, candidate for con-
 gress in the Second district, was intro-
 duced and made a hit by announcing
 that "we are no longer the forerunners
 of prosperity in this country—we are
 the proprietors."

At this juncture Captain English in-
 troduced a resolution which was adopt-
 ed, declaring the electors at large from
 the state of Indiana to be George A.
 Cunningham of Evansville and Joseph

 B. Oliver of South Bend; the delegates
 at large to the national convention at
 Chicago to be Senator Charles W. Fair-

 egates at large were Erastus P. Mc-

The convention then adjourned at

CONVENTION NOTES

The First Day's Proceedings Marked by Real "Love Feast."

PARTY LEADERS TALK

Following Chairman Watson's Address There Were Several Other Rattling Good Speeches.

George A. Cunningham and Joseph B. Oliver Named as the State's Electors.

Indianapolis, April 27.—The two-day's convention of the Indiana Republicans will come to a close this evening, after making up the issues upon which the campaign will be fought from a Republican viewpoint and naming the ticket which will lead the Republican forces in this state.

The attendance at the convention is said to be the largest that ever marked a similar gathering in this city, and the interest that has been manifested on all sides in the result of the several engaging contests pending before the convention has given the scenes about Tomlinson hall and Republican headquarters a peculiarly animated air for the past two or three days.

The first day's proceedings were largely devoted to speech-making. Following the keynote address of Congressman Watson, permanent chairman of the convention, the delegates were further regaled by addresses, necessarily brief, for Chairman Watson spoke for more than two hours—by Senators Fairbanks and Beveridge, Governor Durbine, Congressman Frederick Landis, Congressman Holliday and Judge John C. Cheney, candidate for congress in the Second district. The electors and delegates at large to the national convention were nominated by acclamation, as follows:

Electors—George A. Cunningham of Evansville and Joseph B. Oliver of South Bend.

Delegates at Large—Senator Fairbanks, Senator Beveridge, Governor Durbine, and James P. Goodrich.

Alternates—Erastus P. McClure of Anderson, Ephraim Marsh of Greenfield, Howard Maxwell of Rockville, and J. F. C. Adams of Portland.

DEADLY QUARREL

Murder Over Money in McCann Railroad Camp.

Bloomington, Ind., April 27.—During a quarrel over money matters at the McCann railroad camp between two colored men, Edward Thomas was shot and instantly killed by Edward Staley. The murderer claims self-defense, saying that Thomas shot at him, and he escaped arrest. Both men came to this county from Kentucky.

After Fish Dynamiters.

New Castle, Ind., April 27.—Numerous dead fish have been floating in the placid streams of Henry county within the last few days, and the finding has aroused the deputy game wardens to action and they are now running down every available clue, hoping to arrest the parties who have been engaged in dynamiting. Blue river and its tributaries have been noted for the excellent black and rock bass they once contained, but it is now feared that the majority of these have perished. If the perpetrators are located they will be severely dealt with.

Fatally Injured by Gas Explosion.

Peru, Ind., April 27.—Charles Coyne of Cleveland, Ohio, lighted a match in the check-room of the Wayne hotel and was fatally burned. Natural gas had accumulated in the room, where a light had been blown out, and the lighted match caused an explosion. Overcoats and hats belonging to traveling men were burned and the building was slightly damaged. Coyne was badly burned and it is said that he cannot recover.

Women Car Wreckers.

Anderson, Ind., April 27.—The Indiana Union Traction company is hunting for two unknown women, who are accused of attempting to wreck an interurban car by placing a log across the rails. The log was knocked aside in the collision. While the motorman was investigating he saw two women run across a vacant lot and disappear in the darkness.

A Boy and a Cartridge.

Alexandria, Ind., April 27.—While playing with a cartridge about a stove, the young son of Charles E. Gill lost the first joint of his right thumb and two fingers when the cartridge exploded. His sister Margaret, two years old, was seriously injured, and an older sister has a hole in her breast, caused by a flying piece of a stove lid.

Indianapolis, April 27.—The 30th annual meeting of the Order of the Eastern Star is in session in Masonic Temple, beginning this morning at 10 o'clock. There is a large attendance of delegates from the various branches of the order throughout the state.

Warsaw, Ind., April 27.—Adam T. Evans, an old soldier and a wealthy resident of Packerton, committed suicide by hanging himself. Domestic trouble was the cause of the rash act. He was fifty-seven years old and leaves a large family.

HE MADE A HIT

Judge Chaney Shows His Powers as a Campaigner.

Indianapolis, April 27.—Judge John C. Chaney of Sullivan, candidate for congress on the Republican ticket, made one of the big hits of the convention. He was called on unexpectedly to make a speech just before the close of the proceedings yesterday afternoon, and although what he said was decidedly impromptu, he made a fine impression. His own constituents were very enthusiastic. Judge Chaney is running in a strongly Democratic district, but two years ago he cut down Miers' majority and he is confident that he will be able to win this year. Chaney clubs are now being organized throughout the district, indicating that a hard and systematic fight is to be waged.

Congressman Watson of Rushville might have become a very formidable candidate for the Republican nomination for governor if he had permitted the use of his name. His speech almost created a sensation; in fact it was generally regarded as one of the best campaign keynotes ever delivered, and he was warmly congratulated by the party leaders. It seemed, however, that it made a still deeper impression with the masses, for the delegates were running over with enthusiasm. Several county chairmen went to Chairman Goodrich of the state committee afterward and declared their intention of voting for Watson on the second ballot, but Goodrich discouraged them. Watson has undoubtedly made himself a lot stronger with his party than he ever was before. There was sufficient impetus to the dark horse boom around him to give the other candidates the cold shivers.

George Burkhardt of Logansport, a former Democratic member of the state legislature, will probably ask for the nomination for congress in the Eleventh district. As the Eleventh is overwhelmingly Republican, not many Democrats care for the nomination, but it is understood that Burkhardt has an idea that he can make a house-house canvass and a special plea to the laboring men that will enable him to win. Congressman Fred Landis of Logansport, the Republican nominee, is here attending the convention. He is very confident that he will be able to increase the Republican majority this year. He expects to give much of his time to a personal canvass.

The convention of the National League of Republican clubs will be held here Oct. 18-20. A meeting of the district officers of the Lincoln League of Indiana was held at the Denison House today. Charles McGuire, president, presided. There was much enthusiasm displayed in talk of the arrangements for the big convention. McGuire was in Philadelphia recently, where he met J. Hampton Moore, president of the national league, who told him that great interest is being taken in the coming convention and that it will be one of the big features of the national campaign. Many of the most noted speakers of the party will be invited to participate.

A Papal Protest.

Rome, April 27.—It is asserted that the protest of the pope against the

POPE PIUS X.

presence of President Loubet at the Quirinal will take the form of a note to all the Catholic powers.

Gelatine Let Go.

Hannibal, Mo., April 27.—An explosion in the gelatine house of the Producers' Powder company's plant at Lamotte, twenty-two miles south of here, killed two men and demolished the building. The shock of the explosion was felt for several miles, and the windows in houses at a great distance were shattered.

Two Cars Turned Over.

Chillicothe, Ohio, April 27.—Charles S. Shumaker, a candy salesman of Lancaster, Ohio, was killed and five other passengers injured in a wreck on the Norfolk & Western near Hayesville. The women's coach and a day coach shunted into a siding while the train was passing over a switch, and overturned.

Horrible Mine Accident.

Johannesburg, April 27.—The collapse of a cage in the Robinson mine precipitated forty-three natives 2,000 feet to the bottom. All were killed. The bottom of the shaft is a quagmire of human remains.

Columbus, Ohio, April 27.—George F. Coffman of Omaha, Neb., was almost instantly killed by a streetcar on the High street viaduct.

BOUT IN THE HOUSE

Dalzell and Cockran Renew the Verbal Combat of a Few Days Ago.

GREW QUITE PERSONAL

Cockran Demanded an Investigation of the Charge That He Had Sold His Political Services.

Speaker Declined to Pass On Resolution Until He Had Examined the Precedents.

Washington, April 27.—The heavyweights had another bout in the house yesterday, with Messrs. Dalzell and Cockran as the combatants. The speeches were a renewal of last Saturday's debate, but were more personal in their character. As on Saturday, the speakers were greeted with vociferous applause by their respective colleagues, and the bitterness of party feeling ran high. Mr. Dalzell had Mr. Cockran on the rack for nearly two hours, during which time he dealt largely with that gentleman's political

W. BOURKE COCKRAN.

history, which he said showed him to have been consecutively a Greenbacker, a sound money man and a free silver man. He reverted to his statement of last Saturday that he had been informed that Mr. Cockran had accepted money to support the campaign of McKinley, and read extracts from several newspapers to show that was the general impression at the time. A man, he said, who would not have replied to Mr. Cockran as he did on Saturday would have been a poltroon and coward.

Mr. Cockran, indignant at times, denied the accusation of Mr. Dalzell, whom he arraigned for making statements which could not be substantiated. If what Mr. Dalzell had said were true, he declared, he was unworthy of membership. In emphatic and positive language Mr. Cockran denied that he had received money from the Palmer and Buckner campaign committee or that he had ever received money for supporting McKinley in 1896. If Mr. Dalzell, he said, believed the charges against him, it was nothing but a confession of the Republican party's corruption and proof that the presidential election had been purchased.

The climax came when he offered a resolution providing for the appointment of a select committee of five members of the house to investigate the charge which had been made against him by Mr. Dalzell. He and other Democrats, including Mr. Williams, the minority leader, demanded immediate consideration, but the speaker declined to pass on a point of order against the resolution until he had examined precedents.

In the Senate.

Washington, April 27.—The senate has passed the military academy appropriation bill, the last of the supply measures. The amendments suggested by the committee on military affairs for a reorganization of the medical and ordnance departments of the army and for the establishment of a number of camp sites were thrown out on points of order. It is expected that a final adjournment will be secured Thursday.

Striking Miners Deported.

Trinidad, Col., April 27.—Under the guard of a lieutenant and a squad of soldiers, twenty men were last night placed on a special southbound train and under orders of Major Zeph Hill, commanding the military here, deported to New Mexico. All of the deported men were arrested during the past week for violation of martial law.

Olney's Boom Growing.

Boston, April 27.—Democratic conventions for the election of delegates to the national convention at St. Louis were held in the fourteen congressional districts of the state yesterday and in all but four of the districts delegates either pledged or favorable to the nomination of Richard Olney for the presidency were chosen.

Illinois Veterans in Session.

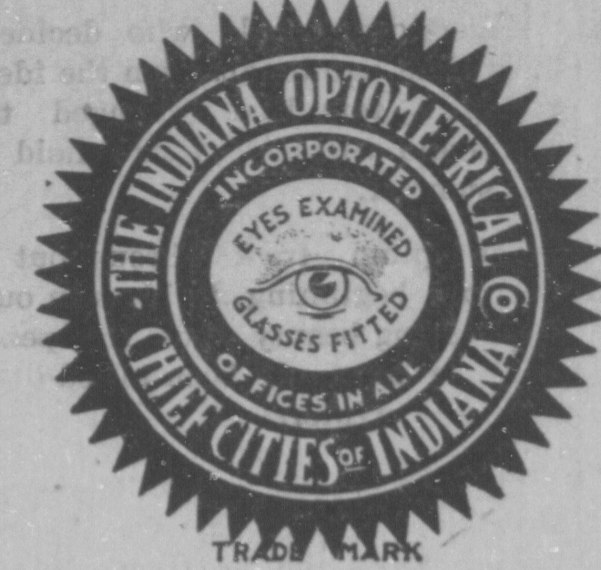

Springfield, Ill., April 27.—Two thousand veterans of the civil war are in Springfield to attend the annual encampment of the Illinois G. A. R. Gen. John C. Black, the national commander, cannot attend owing to illness. Governor Yates delivered the address of welcome.

THE DISCOVERER OF

SEVEN BARKS

Was, thirty-five years ago, one of Germany's foremost physicians, besides he was a celebrated botanist and chemist. His discoveries were many and invariably successful. Perhaps his most important discovery was that of the great and popular preparation called Seven Barks—extracted from the bark of a specially grown Hydrangea plant. This bark grows in seven layers, each division possessing wonderful individual curative values. One acts as a gentle cathartic, another as an alterative, the third as a diuretic, the fourth as an expectorant—while the other three layers produce wonderful, upbuilding tonic elements.

Contains nature-giving principles that will effect immediate relief and, in good time, a permanent cure of all such disorders. One 50-cent bottle will demonstrate its phenomenal value.

Shelbyville Republican: George Ray is extremely happy today. He claims to be on top all around and will be able to elect his men for chairman and secretary of the Democratic county central committee this afternoon. It is also gently whispered that Mr. Ray is to be selected as the Hearst delegate from the Sixth district to the St. Louis convention.

Shelbyville Republican: The Indianapolis police superintendent is trying to muzzle the press in regard to the reign of thuggery and robbery in that city. Brilliant idea. If the robbers do not see 'it in the papers they will think the victims don't know it. Great scheme!

The Cincinnati, Hamilton & Dayton is adopting a retrenchment policy in its various departments of labor. Fifty men were indefinitely laid off from the freight department of the general shops, Monday and a cut in machinists, boiler makers and blacksmiths will occur May 1st. In the Lima shops there are now 100 men who have been given their time. This policy has also been in evidence in the train service, the management announcing that the heavy expense occasioned by the severe winter demands retrenchment.

Lynn Smith, an old New Castle boy, has arrived home from Rampart City, Alaska, for a six weeks' visit with relatives. The trip from Alaska to that city, covered a distance of 10,000 miles and 400 miles of this was made over a frozen waste on dog sleds with no company but the mail carrier. The trip required forty-one days.
